Francesco Tarantino, ELA Director

Short description

This structured Erasmus plus course aimed at enabling participants to improve their soft skills and work on their emotional intelligence meanwhile mastering concrete tools and activities to be used with the pupils to support them to develop their emotional intelligence skills.

The general aim of this course was to foster excellence in education by empowering teachers, trainers, headmasters and other education staff to improve their soft skills together with other participants and trainers throughout all Europe gaining as well a broader understanding of education in Europe and exchanging best practices and experiences.

Learning Outcomes

- ✓ Acquired knowledge and tools about teamworking and team management, conflict management, meeting management, public speaking and communication through specific practical learning sessions;
- ✓ Improved their practical soft skills and emotional intelligence through group exercises and tools' simulations;
- ✓ Cooperated and learned in international context improving their capacity to communicate in English and teamwork in a multicultural environment;
- ✓ Improved their Curriculum Vitae competences and their employability perspectives;
- ✓ Exchanged best practices and share experiences with participants and staff coming throughout Europe;
- ✓ Made contacts with individuals and organizations working in the education field in Europe through everyday cooperation, networking and team-building activities.

Enough Theory, Let's Play! **Fun Games for Developing the Whole Child**

Teacher Trainer: Veerle María Ponnet
Tenerife | August 9th – August 14th 2021

Our 30-hour course teaches how to use games in your class to enhance your students' capacities of self-expression, and promote their personal cognitive, emotional, and social development. It helps to create a more cohesive group, thus improving the quality of both your pupil's learning and your experience as a teacher.

Use ICT to Integrate Migrant Students in Your Classroom

Teacher Trainer: Paula García Silván
Valencia | July 18th – July 23rd 2022

In our 30-hour course, the participant discovered useful ICT tools, as well as other educational strategies, in order to be able to efficiently integrate migrants, refugees, and asylum seekers in their classroom. Moreover, they acquired the necessary skills to promote social inclusion among students from mixed cultural backgrounds and who do not speak the language of their teacher.
